* Not checking any of the above boxes will put a delay on your suspension services.

Rider weight w/o gear _____ Skill level/Class _____ Type of Riding _____
 Terrain _____ Additional Information _____

All items in **BLACK** are required in this suspension re-valve and set-up. All items in **RED** are optional.
PLEASE NOTE: There will be an \$8.50 HAZ MAT fee and \$10 chemical cleaning fee added to all suspension orders and there may be a \$1.50 charge for each shim used (average bike uses 0-100 shims)

PRO CIRCUIT LINKAGE SYSTEM **KAWASAKI MODELS**

LINKAGE SYSTEM

The new Pro Circuit linkage system for the 2021 KX250/KX250X, 2019-2021 KX450 and 2021 KX450X bring the bike's handling performance to an entirely new level. The stock OEM linkage system for these newer models tends to be harsh and stiff at the beginning of the stroke and gets softer as the rear wheel goes deeper into the stroke. With the new Pro Circuit linkage system, it's the complete opposite. The Pro Circuit KX250/KX450 linkage system is plusher at the beginning and stiffens up as the rear wheel goes deeper into the stroke. This adjustment lessens the need for stiffer high-speed valving, which can cause the rear to feel harsh and deflective. A considerable amount of research and testing for this new linkage system has resulted in a more true-to-weight spring rate to reach the ultimate sweet spot in handling for your new KX250/KX450. Ultimately, the new linkage creates a plush feel while increasing traction.

LINKAGE AVAILABLE FOR:

- 2021 KX250
- 2021 KX250X
- 2019-2021 KX450
- 2021 KX450X

PRICING FOR LINKAGE

\$445.00 (Retail)

**An increase in spring rate is required. Usually a 0.2 kg/mm rate increase is recommended.
(Rate example: 5.4 goes to 5.6)**
